PROPERTY HIGHLIGHTS

- Excellent exposure on Kirkland's 6th Street Corridor
- Diverse income streams + redevelopment potential
- Views of Lake Washington
- Rare on-market purchase opportunity in Houghton
- Storage adds utility and potential for more income

EXECUTIVE SUMMARY

816 & 822 6th St S offers investors a rare opportunity to acquire a strategically located mixed-use asset with both in-place income and significant long-term redevelopment potential. Comprising four income-producing units across two tax parcels totaling approximately 17,200 square feet, the property benefits from flexible PR5.0 zoning that supports a broad range of future development scenarios. The properties may be acquired together or separately, providing investors and owner-users with added flexibility to structure an acquisition that best aligns with their investment objectives.

The existing improvements are well maintained and generate immediate cash flow, providing investors with the flexibility to hold for income while pursuing entitlements and redevelopment plans. Alternatively, targeted capital improvements may further enhance rental income and increase the property's value prior to redevelopment. For owner-users, the property presents an opportunity to occupy a portion of the improvements while benefiting from income generated by the remaining tenant spaces. This combination of current income, occupancy flexibility, and future redevelopment potential creates a compelling risk-adjusted investment opportunity.

Located along Kirkland's evolving 6th Street Corridor, the property is positioned within minutes of downtown Kirkland's premier retail, dining, and waterfront amenities while offering convenient access to major employment centers throughout the Eastside. Residents and commercial tenants benefit from excellent multimodal connectivity, including walk-ability, bicycle access, public transit, and direct vehicular access to regional transportation corridors.

The property is further enhanced by more than 16 on-site parking stalls, an increasingly valuable amenity that supports existing commercial uses while providing flexibility for future redevelopment or the potential to generate ancillary parking revenue. Whether acquired as a long-term investment, an owner-occupied asset, or a future redevelopment opportunity, 816 & 822 6th St S offers multiple avenues to create value in one of Kirkland's most desirable and supply-constrained submarkets.

RENT ROLL

UNIT	SIZE	CURRENT RENT (MG)	MARKET RENT (MG)	DESCRIPTION	NOTES
