NEIGHBORHOOD

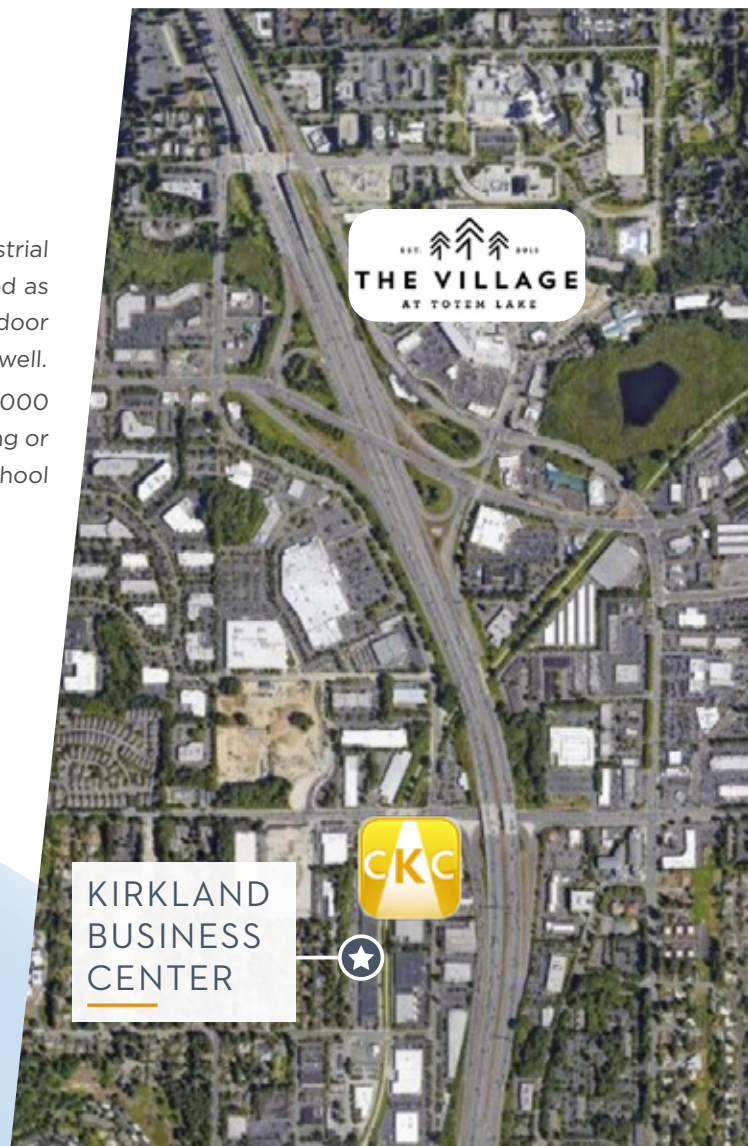

www.kirklandwa.gov/Residents/Community/Cross_Kirkland_Corridor.htm

The Cross Kirkland Corridor connects Kirkland. The light industrial warehouses along the Corridor are being re-purposed for uses as varied as high tech offices, pubs and restaurants, advanced manufacturing, and indoor recreational centers. Zoning changes will allow mixed-use residential as well. Currently, there are more than 1,800 businesses with more than 18,000 employees within 2,000 feet of the corridor. Imagine employees bicycling or walking to work, or children walking from home to school and after-school activities. Imagine your business along the Corridor.

<https://www.thevillageattotemlake.com/>

The Village at Totem Lake will include a state-of-the-art luxury theatre, a village commons and park, experiential restaurants, unique retail, high-end residential and other modern features, while retaining several of the legacy tenants within the project. The plan consists of redeveloping a newly re-imagined lifestyle center with a village feel, mixed-use, gourmet grocery and other experiences. Totem Lake will be the ultimate community gathering place where people can relax or attend a variety of special events.
